CHAIRMAN'S STATEMENT

Moving Forward

On behalf of the Board of Directors of Compugates Holdings Berhad, I am pleased to present to you the Annual Report and Audited Financial Statements of the Group for the financial year ended 31 December 2014.

PERFORMANCE REVIEW

For the financial year ended 2014, the Group registered a revenue of approximately RM129.1 million, with a decrease of 1.7% or approximately RM2.2 million as compared to the previous financial year of approximately RM131.3 million. The loss after taxation of the Group was approximately RM33.7 million for the financial year ended 2014. The higher loss after taxation of the Group in Year 2014 was mainly due to impairment loss of goodwill on consolidation amounting to approximately RM 24 million recorded during the financial year.

CORPORATE DEVELOPMENT

With the rapid emergence of technological advancements in consumer lifestyle products, the market environment remain challenging in this segment of the Information Technology and Imaging related products in 2014. The excellent features of mobile and wireless devices, which comprise mobile feature phones, smart phones and tablets, coupled with advance functions for internet access, photography, data storing and entertainment, as well as the aggressive price competition in the market had attributed to the challenges in this segment.

As a result, new and innovative products are being looked into to be introduced to capture the market potential for the Group.

CHAIRMAN'S STATEMENT (cont'd)

During the year 2014, Compugates secured a new distributorship with MTB Securenet Sdn Bhd, a wholly owned subsidiary of mTouche Technology Berhad to market and distribute Krypto SMS in Malaysia.

Apart from the existing IT related distribution business, the subsidiary Compugates Marketing Sdn Bhd had on 19 Sept 2014 entered into an OEM Tea Supply and Packaging Collaboration Agreement to cause to manufacture and package Gaharu Tea under the brand name "Blackgold", or any other related gaharu products.

On 24 April 2015, the subsidiary Compugates Marketing Sdn Bhd had also entered into a Standing Agarwood Sale and Cutting Agreement to sell its Gaharu trees up to a value of RM 43 million to unlock and realise the investment made five years ago in this segment.

We have also actively participated in trade missions and fairs held in Malaysia (Penang) and overseas (China, Singapore & Taiwan) during 2014 to create awareness and promote our Adorie and Treesure Gaharu Tea product. We foresee the market prospects for this food and beverage sector to be promising.

On 18 March 2015, the Group had announced to undertake a renounceable rights issue of up to 304,898,431 redeemable preference shares ("RPS") together with up to 304,898,431 free detachable warrants on the basis of one (1) RPS together with one (1) warrant for every seven (7) ordinary shares subscribed in Compugates. The Proposed Rights Issues with Warrants will be implemented on the basis that there will be a minimum level of subscription of RM20 million and a maximum level of subscription of RM30.49 million subject to the approval of authorities.

On the international business scene, it remains a challenging year for Bangladesh, Cambodia & Indonesia with increased competition, forex pressures and rising operating expenses.

The continuous post-election political turmoil in Bangladesh after the National Elections held in January 2014 took a big toll on Robi Axiata Limited's Revenue Growth Targets and consequently, Compugates's distribution business in Bangladesh was adversely affected. Going forward, we hope to renegotiate safer terms when our Agreement comes up for renewal, to mitigate such future political volatilities.

OUTLOOK AND PROSPECTS

Based on the above, we anticipate another challenging year in the core business of distribution and trading in IT and Imaging products. The Group have taken steps to reduce costs and increase its margins in order for the Group to register favourable results for the coming years.

The Company is confident that it will maintain and demonstrate a positive growth in the Group's performance by diversifying from its core business of distribution and trading into other sectors such as providing green renewable energy solutions and agricultural related businesses as well as its new foray into the F&B sector.

With the strong support from our business partners, principals and the commitment of our staff, we will continue exploring new business opportunities to further add value and enhance the growth to strengthen the position of the Group.

APPRECIATION

On behalf of the Board of Directors, I would like to extend my sincere thanks to our valued customers, business associates and suppliers for their continuous support, trust and understanding.

I would also like to take this opportunity to extend my gratitude and appreciation to our fellow Board members, management and staff for their hard work, dedication and commitment to the Group.

Last but not least, to our shareholders, I wish to express my heartfelt appreciation for your confidence in Compugates Holdings Berhad.

The duties of the Company Secretary amongst others, attending all Board and Board Committee Meetings, ensuring that the proceedings of Board and Board Committee Meetings and decisions made thereof, are accurately and sufficiently recorded and properly kept for the purposes of meeting statutory obligations as well as obligations arising from Bursa Malaysia Listing Requirements or other regulatory requirements, communicating the decisions of the Board for Management's attention and further action, ensuring all appointments and resignation of directors are in accordance with the relevant legislations and the Board Performance Assessment are properly executed.

1.7 Board Charter

The Board is guided by its Board Charter which provides reference in relation to the roles and responsibilities of the Board and Management. The Board Charter will be reviewed as and when required and update in accordance with the needs of the Company and any new regulations that may have an impact on discharge of the Board's responsibilities to ensure its effectiveness.

PRINCIPLE 2 - STRENGTHEN COMPOSITION OF THE BOARD

2.1 Nomination Committee

The Nomination Committee has two (2) members, all of whom are Independent Non-Executive Directors. They are tasked with the responsibility of proposing new nominees to the Board and assessing the effectiveness of the Board and the contribution of individual director on an ongoing basis.

For the financial year ended 31 December 2014, the Nomination Committee has met once to review the effectiveness of the Board and the contribution of each Director, and this review had been documented accordingly. Mohamed Fauzi Bin Omar	1/1

2.2 Recruitment Process and Annual Assessment

The Board believes in a right composition of board members with balance of qualifications, skills, experiences and diversity among its board members.

NC is periodically reviewing and making recommendation to the Board on board composition matters and recommendations, which inclusive in identification and selection of high calibre candidate who will be able to meet the present and future needs of the Company.

The NC is currently headed by Tan Sri Asmat bin Kamaludin, an Independent Non-Executive Director and all of the said committee members are also Independent non-executive in its functionality.

STATEMENT ON CORPORATE GOVERNANCE (cont'd)

PRINCIPLE 2 - STRENGTHEN COMPOSITION OF THE BOARD (cont'd)

2.2 Recruitment Process and Annual Assessment (cont'd)

For the year under review, the Board is satisfied with its current mix of qualification, skills, experiences, expertise and strength, in discharge its duties effectively.

The NC is also responsible in undertaking an annual evaluation of Directors, Board committee as well as the board performance as a whole. This evaluation is used as a tool to evaluate the strength, to identify the gaps or areas for improvement which would give rise in the requirement of new recruitments of board members, if necessary.

The Board annual evaluation process is being conducted by cross evaluation among the Board members, of which the criteria of evaluation are predetermined as belows:

a) Board Structure
b) Board operation and communication
c) Board roles and responsibilities
d) Undertaking of roles and assignments
e) Mix of roles and knowledge
f) Commitment of members
g) Depth of contribution

During the year under review, the NC had conducted an annual assessment on Directors and Board Committees. The assessments carried out by the NC are properly documented.

The Board has no specific policy on setting targets on female candidates to be appointed to the Board. Currently the Board has one (1) female representation which is below the recommended 30%. With the current composition, the Board feels that its members have the necessary knowledge, experience, diverse range of skills and competence to enable them to discharge their duties and responsibilities effectively.

Nevertheless the Board believes in and provides equal opportunity to candidates who have the skills, experience, core competencies and other qualities regardless of gender. The NC will however continue to take steps to ensure suitable female candidates are sought as part of its recruitment exercise.

2.3 Remuneration Policies

The Remuneration framework for Managing Director and Executive Director have an underlying objective of attracting and retaining Executive Directors needed to run the Group successfully. The remuneration of the Managing Director and Executive Director consists of basic salary, other emoluments and benefits customary to the Group are made available as appropriate. Any salary and bonus review takes into account the performance of the individual and the Group.

The Non-Executive Directors' remuneration comprises annual fees that reflect their expected roles and responsibilities. The Company has obtained approval from the shareholders at the last AGM held on 30 June 2014 to pay the Directors Fees to the Non-Executive Directors for the financial year ended 31 December 2013.

The Remuneration Committee met once during the year under review and the attendance records of the Remuneration Committee Members are as follows:

Name of Remuneration Committee Members	No. of Meeting Attended
Tan Sri Asmat Bin Kamaludin (Chairman)	1/1
Mohamed Fauzi Bin Omar	1/1
Goh Kheng Peow	1/1

STATEMENT ON CORPORATE GOVERNANCE (cont'd)

PRINCIPLE 2 - STRENGTHEN COMPOSITION OF THE BOARD (cont'd)

2.3 Remuneration Policies (cont'd)

Details of the remuneration of Directors of the Company during the financial year ended 31 December 2014 are as follow:

Aggregate remuneration

	Executive Directors (RM)	Non-Executive Directors (RM)	Total (RM)
Basic Salary	1,867,200	-	1,867,200

RM4,000,001 – RM4,500,000	1	-

The details of the individual Director's remuneration are not disclosed in this report as the Board considers the above disclosures satisfy the accountability and transparency aspects of the Code.

PRINCIPLE 3 - REINFORCE INDEPENDENCE

3.1 Assessment of Independence Annually

The Board strives on the independency of the Non-Executive Directors, who shall have the ability to exercise their duties and make decisions which are in the best interests of the shareholders, unfettered by any business or other relationship with the Executive Directors, ownership and any other interest in the operation of the Company. The Board conducts annual reviews of the independence of each and every of the Directors, in addition of the responsibility of each Director in making immediate declaration over their interest and independency to the Board at any time during his tenure of service.

The Company currently has two (2) Independent Non-Executive Directors, who fulfill the criteria of "Independence" as prescribed under Rule 1.01 of the Bursa Malaysia Securities Berhad ("Bursa Securities") Main Market Listing Requirements ("MMLR").

STATEMENT ON CORPORATE GOVERNANCE (cont'd)

PRINCIPLE 3 - REINFORCE INDEPENDENCE (cont'd)

3.2 Tenure of Independent Directors (cont'd)

Tan Sri Asmat bin Kamaludin and Encik Mohamed Fauzi bin Omar are Independent Non-Executive Directors who have been serving in the Board for more than nine (9) years. The Nomination Committee is satisfied that both Tan Sri Asmat bin Kamaludin and Encik Mohamed Fauzi bin Omar have satisfactorily demonstrated that they are independent from management and free from any business or other relationships which may interfere with the exercise of their independent judgement, in line with the requirements of Chapter 1 of the Main Market Listing Requirements of Bursa Securities. The Board considers that their continuing position as Independent Non-Executive Directors will enable them to be objective and clear in directing and reviewing the Group's business strategies and direction.

3.3.1 Shareholders' Approval for the Re-appointment of Non-Executive Director

The Board has reviewed and is satisfied with the professional skills, contribution and independent judgement of Tan Sri Asmat bin Kamaludin and Encik Mohamed Fauzi bin Omar. Therefore, the Board recommends and proposes their re-appointment as Independent Non-Executive Directors of the Company, to be tabled for shareholders' approval at the forthcoming 10th AGM.

3.4 Separate of Positions of Chairman and Managing Director

The Board is led by an Independent Non-Executive Chairman and supported by one (1) Managing Director, one (1) Executive Director, one (1) Independent Non-Executive Director and one (1) Non-Independent Non-Executive Director.

The Chairman's role includes leading the Board in the oversight of management and is not involved in the day to day management of the Group. Under Compugates's organisation and management structure, the roles and functions of a Chief Executive Officer is carried out and performed by the Managing Director.

The Board is of the opinion that there is no issue with regards to the balance of power and authority on the Board as the roles of the Chairman and the Managing Director are set out and established while the decision making process of the Board is based on collective decisions without any individual exercising any considerable concentration of power or influence and well balanced by the presence of strong elements of independence in the Board.

3.5 Composition of the Board

The Board as at the date of this statement comprises five (5) members:-

a) One (1) Non-Executive Chairman
b) One (1) Managing Director
c) One (1) Executive Director
d) Two (2) Non-Executive Directors

Two (2) Non-Executive Directors are Independent as defined in the Bursa Securities MMLR. The Independent Directors are:-

a) Tan Sri Asmat bin Kamaludin
b) Mohamed Fauzi bin Omar

The Board is of the view that the current size of the Board is appropriate and views that the Board composition has the right mix of skills, experience and strength in qualities that relevant to the business which enable the Board to carry out its responsibilities in an effective and competent manner.

STATEMENT ON CORPORATE GOVERNANCE (cont'd)

PRINCIPLE 4 – FOSTER COMMITMENT

4.1 Commitment of the Board Members

During the financial year ended 31 December 2014, the Board met six (6) times to deliberate and consider matters pertaining to the Group's financial performance, significant investments, corporate development, strategic issues and business plan. The attendance records of the Directors who held office during the year are as follows:

Name of Directors	No. of Meetings Attended	% Attendance
Tan Sri Asmat Bin Kamaludin (Chairman)	6/6	100
Goh Kheng Peow	6/6	100
Goh Tai Wai	6/6	100
Mohamed Fauzi Bin Omar	6/6	100
See Thoo Chan	6/6	100

The Board is satisfied that all directors including the directors holding multiple board representation are able to and have been devoting sufficient time to discharge their responsibilities adequately.

4.2 Training

All the Directors have attended and successfully completed the Mandatory Accreditation Programme as prescribed by Bursa Securities.

The Board acknowledges that continuous education is essential for the Directors to further enhance their skills and knowledge. During the financial year under review, the Directors attended the following training programs as part of their continuing education to enhance their knowledge and to keep abreast with new developments in the furtherance of their duties:

Training Programs Attended
2014 MASB Roundtable on Financial Reporting on 6 February 2014

STATEMENT ON CORPORATE GOVERNANCE (cont'd)

PRINCIPLE 5 - UPHOLD INTEGRITY IN FINANCIAL REPORTING

5.1 Compliance with Applicable Financial Reporting Standards

The Board is accountable to ensure that the financial statements are prepared in accordance with the Companies Act, 1965 and the applicable approved accounting standards in Malaysia so as to present a balanced and fair assessment of the Group's financial position and prospects. Quarterly financial results and annual financial statements are reviewed and deliberated upon by the Audit Committee to ensure the quality of financial reporting before presenting to the Board for its approval. The Audit Committee also reviews the appropriateness of the Company's accounting policies and the changes to these policies.

5.2 Assessment of Suitability and Independence of External Auditors

The Audit Committee undertakes an annual assessment of the suitability and independence of the external auditors. Having assessed their performance, the Audit Committee will recommend their decision to the Board, upon which the shareholders' approval will be sought at the AGM.

PRINCIPLE 6 – RECOGNISE AND MANAGE RISKS

6.1 Framework to Manage Risks

The Board acknowledges its overall responsibilities for maintaining a sound system of internal control and risk management process to safeguard shareholders' investment and Group's assets. The risk management framework and internal audit functions are disclosed under the Statement on Risk Management & Internal Control on pages 20 to 21 of this Annual Report.

6.2 Internal Audit Function

The Board has established an internal audit function within the Company. Details of the Group's internal control system are set out in the Statement on Risk Management and Internal Control of this Annual Report.

PRINCIPLE 7 - TIMELY AND HIGH QUALITY DISCLOSURE

7.1 Corporate Disclosure Policy

The Company has in place procedures for compliance with the Listing Requirements of Bursa Securities.

The Company has also put in place an internal control policy on confidentiality to ensure that confidential information is handled properly by Directors, employees and relevant parties to avoid improper use of such information. The Board is mindful that information which is expected to be material must be announced immediately to Bursa Securities.

7.2 Leverage on information technology

The Group maintains the following website that allows all shareholders and investors access to information about the Group:-

www.compugates.com.my

STATEMENT ON CORPORATE GOVERNANCE (cont'd)

PRINCIPLE 8 - STRENGTHEN RELATIONSHIP BETWEEN COMPANY AND SHAREHOLDERS

8.1 Shareholder Participation at General Meetings

The Annual General Meeting ("AGM") is the principal forum for dialogue with shareholders. The Company values feedback from its shareholders and therefore, encourages shareholders to attend and participate in the AGM to raise questions pertaining to issues in the Annual Report, corporate developments in the Group, the resolutions being proposed and the business of the Group at the AGM.

At the 9th AGM, a presentation was given by the Managing Director on corporate development to shareholders to provide a better understanding of the Group's operation and development status to maintain their confidence.

Directors, Management and External Auditors were present in person to respond to the shareholders' queries and feedback. There were no substantive resolutions put forth for shareholders' approval at the 9th AGM of the Company held on 30 June 2014. The resolution put forth for shareholders' approval at the 9th AGM were re-appointment/re-election of retiring Directors, payment of Directors' fees and re-appointment of external auditors, authority to issue shares pursuant to Section 132D of the Companies Act, 1965 and proposed amendments to the Articles of Association. As such, the abovementioned resolution were voted by a show of hands.

Where Extraordinary General Meeting is held to obtain shareholders' approval on business or corporate proposals, comprehensive circulars to shareholders are sent within prescribed notice period in accordance with the regulatory and statutory provisions. When possible, the Group takes steps to serve notices for its general meetings earlier than the minimum notice period to encourage shareholders participation at its AGM.

8.2 Encourage Poll Voting

The Company would conduct poll voting if demanded by shareholders at the general meeting.

8.3 Communication and Engagements with Shareholders

Information on the Group's activities is provided in the Annual Report and Financial Statement which are dispatched to shareholders. The Group also encourages all shareholders and investors to access the Annual Report and announcements online, which are made available at the Bursa Malaysia website as well as on its interactive website at www.compugates.com.my. There is continuous effort to ensure that the information on the website remains current, updated and relevant to investors.

COMPLIANCE STATEMENT

The Company is committed to achieving high standards of corporate governance throughout the Group and to the highest level of integrity and ethical standards in all its business dealings.

In this regard, the Board considers that the Group has complied substantially with the principles and recommendations as stipulated in the MCCG 2012 throughout the financial year ended 31 December 2014.

Further details of the internal audit function are set out in the Statement on Risk Management and Internal Control on page 21 of the Annual Report.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2014

INTRODUCTION

Pursuant to paragraph 15.26 (b) of the Main Market Listing Requirements ("LR") of Bursa Securities and as guided by the Bursa Malaysia's Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers ("the Guidelines"), the Board of Directors of Compugates Holdings Berhad ("Board") is pleased to include a statement on the state of the Group's system of risk management and internal control in this annual report.

BOARD'S RESPONSIBILITIES

The Board recognizes the importance of good risk management practices and sound internal controls as a platform to good corporate governance. The Board acknowledges its responsibility in maintaining a sound system of risk management and internal control to safeguard shareholders' investments and the Group's assets.

The Board has received assurance from the Managing Director ("MD") and Chief Financial Officer that the Group's limited risk management and the internal control system are operating adequately and effectively, in all material aspects. However, as there are inherent limitations in any risk management and internal control system, such systems put into effect by Management is only to reduce but not eliminate all risks that may impede the achievement of the Group's business objectives. Therefore, the risk management and internal control system can only provide reasonable and not absolute assurance against material misstatement or loss.

KEY FEATURES OF THE GROUP'S RISK MANAGEMENT AND INTERNAL CONTROL SYSTEM

Key elements of the Group's risk management and internal control system that have been established to facilitate the proper conduct of the Group's businesses are described below:

1. RISK MANAGEMENT FRAMEWORK

The Board confirms that there is an ongoing process for identifying, minimizing and managing the significant risks faced by the Group and this process is regularly reviewed by the Board. The Management is responsible for initiating risk awareness and in developing necessary environment for effective risk management.

The Board relies mostly on the close involvement of the Key Management staff, Head of Division and Managing Director of the Group on their daily operations. There are periodic reviews of operational and financial performance at Management, Audit Committee and Board meetings. The Board and Management ensure that appropriate measures are taken to address any significant risks, if any. It has in place an organizational structure and a defined line of their scope of duties and responsibilities.

2. INTERNAL CONTROL SYSTEM

- Organisation Structure & Authorisation Procedures

  The Group maintains a formal organizational structure that includes clear delegation of responsibilities and accountability. It sets out the roles and responsibilities, appropriate authority limits, review and approval procedures to enhance the internal control system of the Group's various business units.

- Periodical and/ or Annual Budget

  An annual budget is prepared by management and tabled to the Board for approval. Periodic monitoring is being carried out to measure the actual performance against budget to identify significant variances and devise remedial action plans.

- Group Policies and Procedures

  Policies and procedures will be documented for regular review and update so as to ensure that they are effective and will continue to support the Group's business activities at all times as the Group continues to grow.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2014 (cont'd)

2. INTERNAL CONTROL SYSTEM (cont'd)

- Human Resource Policy

  Comprehensive guidelines on employment of employees are in place to ensure that the Group has a team of employees who are well trained and equipped with all the necessary knowledge, skills and abilities to carry out their responsibilities effectively.

- Information and Communication

  Information critical to the achievement of the Group's business objectives are communicated through established reporting lines across the Group. This is to ensure that matters that require the Board and Senior Management's attention are highlighted for review, deliberation and decision on a timely basis.

- Monitoring and Review

  Scheduled operational and management meetings are held to discuss and review the business plans, budgets, financial and operational performances of the Group. Monthly management accounts containing key financial results, operational performance and comparison of actual performance against budgets are presented to the management team for monitoring and review. The quarterly financial statements are presented to the Board for their review, consideration and approval.

3. INTERNAL AUDIT FUNCTION

The Group's internal audit function is outsourced to a professional services firm, to assist the Board and Audit Committee in providing an independent assessment on the adequacy, efficiency and effectiveness of the Group's internal control system.

The internal audit firm prepares audit plans for presentation to the Audit Committee for approval wherein the scope of works encompasses management and operational audit of functions in the Group.

During the financial year ended 31 December 2014, an internal audit was carried out and the findings of the internal audit, including the recommended corrective actions, were presented directly to the Audit Committee.

In addition, follow up review was conducted to ensure that corrective actions have been implemented on a timely manner. Based on the internal audit review conducted, none of the weaknesses noted have resulted in any material losses, contingencies or uncertainties that would require separate disclosure in this annual report.

CONCLUSION

The Board is of the view that the Group's system of internal control is adequate to safeguard shareholders' investments and the Group's assets. However, the Board is also cognizant of the fact that the Group's system of internal control and risk management practices once established must continuously evolve to meet the changing and challenging business environment. Therefore, the Board will, when necessary, put in place appropriate action plans to further enhance the system of internal control and risk management framework once it is established.

This statement was approved by the Board of Directors on 28 April 2015.

STATEMENT ON DIRECTORS' RESPONSIBILITIES

Directors are required by the Companies Act, 1965 to ensure that the financial statements for each financial year which have been prepared in accordance with the applicable approved accounting standards and the provisions of the Companies Act, 1965, which give a true and fair view of the state of affairs of the Company at the end of the financial year and of the results and cash flows of the Company for the financial year.

In preparing the financial statements, the Directors have selected suitable accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent.

The Board has an overall responsibility for taking such steps that are reasonably open to them to safeguard the assets of the Company to prevent and detect fraud and other irregularities.

INDEPENDENT AUDITORS' REPORT
TO THE MEMBERS OF COMPUGATES HOLDINGS BERHAD
(Incorporated in Malaysia)
Company No : 669287 - H

Report on the Financial Statements

We have audited the financial statements of Compugates Holdings Berhad, which comprise the statements of financial position as at 31st December 2014 of the Group and of the Company, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and a summary of significant accounting policies and other explanatory information, as set out on pages 32 to 94.

Directors' Responsibility for the Financial Statements

The directors of the Company are responsible for the preparation of financial statements so as to give a true and fair view in accordance with the Financial Reporting Standards and the requirements of the Companies Act, 1965 in Malaysia. The directors are also responsible for such internal controls as the directors determine are necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with approved standards on auditing in Malaysia. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgement, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal controls relevant to the Company's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the financial position of the Group and of the Company as at 31st December 2014 and of their financial performance and cash flows for the financial year then ended in accordance with the Financial Reporting Standards and the requirements of the Companies Act, 1965 in Malaysia.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Companies Act, 1965 in Malaysia, we also report the following:-

(a) In our opinion, the accounting and other records and the registers required by the Companies Act, 1965 in Malaysia to be kept by the Company and its subsidiaries of which we have acted as auditors have been properly kept in accordance with the provisions of the Companies Act, 1965 in Malaysia.

(b) We have considered the financial statements and the auditors' reports of all the subsidiaries of which we have not acted as auditors, which are indicated in Note 7 to the financial statements.

(c) We are satisfied that the financial statements of the subsidiaries that have been consolidated with the Company's financial statements are in form and content appropriate and proper for the purposes of the preparation of the financial statements of the Group and we have received satisfactory information and explanations required by us for those purposes.

(d) The audit reports on the financial statements of the subsidiaries did not contain any qualification or any adverse comment made under Section 174(3) of the Companies Act, 1965 in Malaysia.

Other Reporting Responsibilities

The supplementary information set out on page 94 is disclosed to meet the requirement of Bursa Malaysia Securities Berhad and is not part of the financial statements. The directors are responsible for the preparation of the supplementary information in accordance with the Guidance on Special Matter No.1, Determination of Realised and Unrealised Profits or Losses in the Context of Disclosure Pursuant to Bursa Malaysia Securities Berhad Listing Requirements, as issued by the Malaysian Institute of Accountants ("MIA Guidance") and the directive of Bursa Malaysia Securities Berhad. In our opinion, the supplementary information is prepared, in all material respects, in accordance with the MIA Guidance and the directive of Bursa Malaysia Securities Berhad.

Other Matters

This report is made solely to the members of the Company, as a body, in accordance with Section 174 of the Companies Act, 1965 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the contents of this report.

NOTES TO THE FINANCIAL STATEMENTS

1. GENERAL INFORMATION

The principal activities of the Company consist of investment holding and the provision of management services. The principal activities of its subsidiaries are disclosed in Note 7 to the financial statements. There have been no significant changes in the nature of these principal activities during the financial year.

The Company is a public limited liability company, incorporated and domiciled in Malaysia, and listed on the Main Market of the Bursa Malaysia Securities Berhad.

The registered office of the Company is located at No. 2-1, Jalan Sri Hartamas 8, Sri Hartamas, 50480 Kuala Lumpur.

The principal place of business of the Company is located at No.3, Jalan PJU 1/41, Dataran Prima, 47301 Petaling Jaya, Selangor Darul Ehsan.

The financial statements are expressed in Ringgit Malaysia (RM) and all values are rounded to the nearest thousand (RM'000) except when otherwise indicated.

The financial statements were authorised for issue by the Board of Directors in accordance with a resolution of the directors on 28th April 2015.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of Preparation

The financial statements of the Group and of the Company have been prepared in accordance with the Financial Reporting Standards ("FRSs") and the requirements of the Companies Act, 1965 in Malaysia.

The financial statements of the Group and of the Company have been prepared under the historical cost basis, other than as disclosed in the significant accounting policies in Note 2.3.

The preparation of financial statements in conformity with FRSs requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of the revenue and expenses during the reported period. It also requires Directors to exercise their judgement in the process of applying the Group's and the Company's accounting policies. Although these estimates and judgement are based on the Directors' best knowledge of current events and actions, actual results may differ.

The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 3.

2.2 New FRSs, Amendments/Improvements to FRSs and New IC Interpretations ("IC Int")

(a) Adoption of Amendments/Improvements to FRSs and New IC Int

The Group and the Company had adopted the following amendments/improvements to FRSs and new IC Int that are mandatory for the current financial year:-

<u>Amendments/Improvements to FRSs</u>

FRS 10	Consolidated Financial Statements
FRS 12	Disclosure of Interests in Other Entities
FRS 127	Separate Financial Statements
FRS 132	Financial Instruments: Presentation
FRS 136	Impairment of Assets
FRS 139	Financial Instruments: Recognition and Measurement

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.2 New FRSs, Amendments/Improvements to FRSs and New IC Interpretations ("IC Int") (continued)

(a) Adoption of Amendments/Improvements to FRSs and New IC Int (continued)

New IC Int
IC Int 21 Levies

The adoption of the above amendments/improvements to FRSs and new IC Int do not have any effect on the financial statements of the Group and of the Company except for those as discussed below:-

Amendments to FRS 10 Consolidated Financial Statements, FRS 12 Disclosure of Interests in Other Entities and FRS 127 Separate Financial Statements

Amendments to FRS 10 introduces an exception to the principle that all subsidiaries shall be consolidated. The amendments define an investment entity and require a parent that is an investment entity to measure its investment in particular subsidiaries at fair value thorough profit or loss in accordance with FRS 139 Financial Instruments: Recognition and Measurement instead of consolidating those subsidiaries in its consolidated financial statements. Consequently, new disclosure requirements related to investment entities are introduced in amendments to FRS 12 and FRS 127.

In addition, amendments to FRS 127 also clarifies that if a parent is required, in accordance with paragraph 31 of FRS 10, to measure its investment in a subsidiary at fair value through profit or loss in accordance with FRS139, it shall also account for its investment in that subsidiary in the same way in its separate financial statements.

Amendments to FRS 132 Financial Instruments: Presentation

Amendments to FRS 132 does not change the current offsetting model in FRS 132. The amendments clarify the meaning of 'currently has a legally enforceable right of set-off', that the right of set-off must be available today (not contingent on a future event) and legally enforceable for all counterparties in the normal course of business. The amendments clarify that some gross settlement mechanisms with features that are effectively equivalent to net settlement will satisfy the FRS 132 offsetting criteria. This Amendments only impacts the presentation in the financial statements but has no impact on the financial results and positions of the Group and of the Company.

Amendments to FRS 136 Impairment of Assets

Amendments to FRS 136 clarifies that disclosure of the recoverable amount (based on fair value less costs of disposal) of an asset or cash generating unit is required to be disclosed only when an impairment loss is recognised or reversed. In addition, there are new disclosure requirements about fair value measurement when impairment or reversal of impairment is recognised. The disclosure was made in the individual notes relating to the asset or cash generating unit.

Amendments to FRS 139 Financial Instruments: Recognition and Measurement

Amendments to FRS 139 provides relief from discontinuing hedge accounting in a situation where a derivative, which has been designated as a hedging instrument, is novated to effect clearing with a central counterparty as a result of laws or regulation, if specific conditions are met. As a result of the amendments, continuation of hedge accounting is permitted if as a consequence of laws or regulations, the parties to hedging instrument agree to have one or more clearing counterparties replace their original counterparty and the changes to the terms arising from the novation are consistent with the terms that would have existed if the novated derivative were originally cleared with the central counterparty.

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.2 New FRSs, Amendments/Improvements to FRSs and New IC Interpretations ("IC Int") (continued)

(a) Adoption of Amendments/Improvements to FRSs and New IC Int (continued)

IC Int 21 Levies

IC Int 21 addresses the accounting for a liability to pay a government levy (other than income taxes and fine or other penalties that imposed for breaches of the legislation) if that liability is within the scope of FRS 137 Provisions, Contingent Liabilities and Contingent Assets. This interpretation clarifies that an entity recognises a liability for a levy when the activity that triggers the payment of the levy, as identified by the relevant legislation, occurs. It also clarifies that a levy liability is recognised progressively only if the activity that triggers payment occurs over a period of time, in accordance with the relevant legislation. For a levy that is triggered upon reaching a minimum threshold, the interpretation clarifies that no liability should be recognised before the specific minimum threshold is reached. The adoption of IC Int 21 has no significant impact to the financial statements of the Group and of the Company.

(b) New FRSs and Amendments/Improvements to FRSs that are issued, but not yet effective and have not been early adopted

The Group and the Company have not adopted the following new FRSs and amendments/improvements to FRSs that have been issued by the Malaysian Accounting Standards Board ("MASB") as at the date of authorisation of these financial statements but are not yet effective for the Group and the Company:-

		Effective for financial periods beginning on or after

A brief discussion on the above significant new FRSs and amendments/improvements to FRSs are summarised below. Due to the complexity of these new standards, the financial effects of their adoption are currently still being assessed by the Group and the Company.

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

2.2 New FRSs, Amendments/Improvements to FRSs and New IC Interpretations ("IC Int") (continued)

(b) New FRSs and Amendments/Improvements to FRSs that are issued, but not yet effective and have not been early adopted (continued)

FRS 9 Financial Instruments

FRS 9 introduces a package of improvements which includes a classification and measurement model, a single forward-looking 'expected loss' impairment model and a substantially-reformed approach to hedge accounting.

<u>Classification and measurement</u>
FRS 9 introduces an approach for classification of financial assets which is driven by cash flow characteristics and the business model in which an asset is held. The new model also results in a single impairment model being applied to all financial instruments.

In essence, if a financial asset is a simple debt instrument and the objective of the entity's business model within which it is held is to collect its contractual cash flows, the financial asset is measured at amortised cost. In contrast, if that asset is held in a business model the objective of which is achieved by both collecting contractual cash flows and selling financial assets, then the financial asset is measured at fair value in the statement of financial position, and amortised cost information is provided through profit or loss. If the business model is neither of these, then fair value information is increasingly important, so it is provided both in the profit or loss and in the statement of financial position.

<u>Impairment</u>
FRS 9 introduces a new, expected-loss impairment model that will require more timely recognition of expected credit losses. Specifically, this Standard requires entities to account for expected credit losses from when financial instruments are first recognised and to recognise full lifetime expected losses on a more timely basis. The model requires an entity to recognise expected credit losses at all times and to update the amount of expected credit losses recognised at each reporting date to reflect changes in the credit risk of financial instruments. This model eliminates the threshold for the recognition of expected credit losses, so that it is no longer necessary for a trigger event to have occurred before credit losses are recognised.

<u>Hedge accounting</u>
FRS 9 introduces a substantially-reformed model for hedge accounting, with enhanced disclosures about risk management activity. The new model represents a significant overhaul of hedge accounting that aligns the accounting treatment with risk management activities, enabling entities to better reflect these activities in their financial statements. In addition, as a result of these changes, users of the financial statements will be provided with better information about risk management and the effect of hedge accounting on the financial statements.

Amendments to FRS 1 First-time Adoption of Financial Reporting Standards

Amendments to FRS 1 relates to the IASB's Basis for Conclusions which is not an integral part of the Standard. The Basis for Conclusions clarifies that a first-time adopter is permitted but not required to apply a new or revised Standard that is not yet mandatory but is available for early application.

Amendments to FRS 2 Share-based Payment

Amendments to FRS 2 clarifies the definition of 'vesting conditions' by separately defining 'performance condition' and 'service condition' to ensure consistent classification of conditions attached to a share-based payment.

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

2.2 New FRSs, Amendments/Improvements to FRSs and New IC Interpretations ("IC Int") (continued)

(b) New FRSs and Amendments/Improvements to FRSs that are issued, but not yet effective and have not been early adopted (continued)

Amendments to FRS 3 Business Combinations

Amendments to FRS 3 clarifies that when contingent consideration meets the definition of financial instrument, its classification as a liability or equity is determined by reference to FRS 132 Financial Instruments: Presentation. It also clarifies that contingent consideration that is classified as an asset or a liability shall be subsequently measured at fair value at each reporting date and changes in fair value shall be recognised in profit or loss.

In addition, amendments to FRS 3 clarifies that FRS 3 excludes from its scope the accounting for the formation of all types of joint arrangements (as defined in FRS 11 Joint Arrangements) in the financial statements of the joint arrangement itself.

Amendments to FRS 5 Non-current Assets Held for Sale and Discontinued Operations

Amendments to FRS 5 introduces specific guidance when an entity reclassifies an asset (or disposal group) from held-for-sale to held-for-distribution to owners (or vise versa), or when held-for-distribution is discontinued.

Amendments to FRS 7 Financial Instruments: Disclosures

Amendments to FRS 7 provides additional guidance to clarify whether servicing contracts constitute continuing involvement for the purposes of applying the disclosure requirements of FRS 7.

The Amendments also clarify the applicability of Disclosure – Offsetting Financial Assets and Financial Liabilities (Amendments to FRS 7) to condensed interim financial statements.

Amendments to FRS 8 Operating Segments

Amendments to FRS 8 requires an entity to disclose the judgements made by management in applying the aggregation criteria to operating segments. This includes a brief description of the operating segments that have been aggregated and the economic indicators that have been assessed in determining that the aggregated operating segments share similar economic characteristics.

The Amendments also clarifies that an entity shall provide reconciliations of the total of the reportable segments' assets to the entity's assets if the segment assets are reported regularly to the chief operating decision maker.

Amendments to FRS 3 Business Combinations

Amendments to FRS 3 clarifies that when contingent consideration meets the definition of financial instrument, its classification as a liability or equity is determined by reference to FRS 132 Financial Instruments: Presentation. It also clarifies that contingent consideration that is classified as an asset or a liability shall be subsequently measured at fair value at each reporting date and changes in fair value shall be recognised in profit or loss.

In addition, amendments to FRS 3 clarifies that FRS 3 excludes from its scope the accounting for the formation of all types of joint arrangements (as defined in FRS 11 Joint Arrangements) in the financial statements of the joint arrangement itself.

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

2.2 New FRSs, Amendments/Improvements to FRSs and New IC Interpretations ("IC Int") (continued)

(b) New FRSs and Amendments/Improvements to FRSs that are issued, but not yet effective and have not been early adopted (continued)

Amendments to FRS 8 Operating Segments

Amendments to FRS 8 requires an entity to disclose the judgements made by management in applying the aggregation criteria to operating segments. This includes a brief description of the operating segments that have been aggregated and the economic indicators that have been assessed in determining that the aggregated operating segments share similar economic characteristics.

The Amendments also clarifies that an entity shall provide reconciliations of the total of the reportable segments' assets to the entity's assets if the segment assets are reported regularly to the chief operating decision maker.

Amendments to FRS 13 Fair Value Measurement

Amendments to FRS 13 relates to the IASB's Basis for Conclusions which is not an integral part of the Standard. The Basis for Conclusions clarifies that when IASB issued IFRS 13, it did not remove the practical ability to measure short-term receivables and payables with no stated interest rate at invoice amounts without discounting, if the effect of discounting is immaterial.

The Amendments also clarifies that the scope of the portfolio exception of FRS 13 includes all contracts accounted for within the scope of FRS 139 Financial Instruments: Recognition and Measurement or FRS 9 Financial Instruments, regardless of whether they meet the definition of financial assets or financial liabilities as defined in FRS 132 Financial Instruments: Presentation.

Amendments to FRS 101 Presentation of Financial Statements

Amendments to FRS 101 improves the effectiveness of disclosures. The Amendments clarifies guidance on materiality and aggregation, the presentation of subtotals, the structure of financial statements and the disclosure of accounting policies.

Amendments to FRS 116 Property, Plant and Equipment

Amendments to FRS 116 clarifies the accounting for the accumulated depreciation/amortisation when an asset is revalued. It clarifies that:
- the gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset; and
- the accumulated depreciation/amortisation is calculated as the difference between the gross carrying amount and the carrying amount of the asset after taking into account accumulated impairment losses.

Amendments to FRS 116 prohibits revenue-based depreciation because revenue does not reflect the way in which an item of property, plant and equipment is used or consumed.

Amendments to FRS 119 Employee Benefits

Amendments to FRS 119 provides a practical expedient in accounting for contributions from employees or third parties to defined benefit plans.

If the amount of the contributions is independent of the number of years of service, an entity is permitted to recognise such contributions as a reduction in the service cost in the period in which the related service is rendered, instead of attributing the contributions to the periods of service.

However, if the amount of the contributions is dependent on the number of years of service, an entity is required to attribute those contributions to periods of service using the same attribution method required by FRS 119 for the gross benefit (i.e. either based on the plan's contribution formula or on a straight-line basis).

In addition, the Amendments clarifies that the high quality corporate bonds used to estimate the discount rate for post-employment benefit obligations should be denominated in the same currency as the liability and the depth of the market for high quality corporate bonds should be assessed at a currency level.

Amendments to FRS 124 Related Party Disclosures

Amendments to FRS 124 clarifies that an entity providing key management personnel services to the reporting entity or to the parent of the reporting entity is a related party of the reporting entity.

Amendments to FRS 127 Separate Financial Statements

Amendments to FRS 127 allows a parent and investors to use the equity method in its separate financial statements to account for investments in subsidiaries, joint ventures and associates, in addition to the existing options.

Amendments to FRS 138 Intangible Assets

Amendments to FRS 138 introduces a rebuttable presumption that the revenue-based amortisation method is inappropriate (for the same reasons as per the Amendments to FRS 116). This presumption can be overcome only in the limited circumstances:-

- in which the intangible asset is expressed as a measure of revenue, i.e. in the circumstance in which the predominant limiting factor that is inherent in an intangible asset is the achievement of a revenue threshold; or
- when it can be demonstrated that revenue and the consumption of the economic benefits of the intangible asset are highly correlated.

Amendments to FRS 140 Investment Property

Amendments to FRS 140 clarifies that the determination of whether an acquisition of investment property meets the definition of both a business combination as defined in FRS 3 and investment property as defined in FRS 140 requires the separate application of both Standards independently of each other.

Amendments to FRS 10 Consolidated Financial Statements and FRS 128 Investments in Associates and Joint Ventures

These Amendments address an acknowledged inconsistency between the requirements in FRS 10 and those in FRS 128, in dealing with the sale or contribution of assets between an investor and its associate or joint venture.

The main consequence of the Amendments is that a full gain or loss is recognised when a transaction involves a business (whether it is housed in a subsidiary or not), as defined in FRS 3 Business Combinations. A partial gain or loss is recognised when a transaction involves assets that do not constitute a business, even if these assets are housed in a subsidiary.

Amendments to FRS 10 Consolidated Financial Statements, FRS 12 Disclosures of Interests in Other Entities and FRS 128 Investments in Associates and Joint Ventures

These Amendments addresses the following issues that have arisen in the application of the consolidation exception for investment entities:-

- Exemption from presenting consolidated financial statements:- the Amendments clarifies that the exemption from presenting consolidated financial statements applies to a parent entity that is a subsidiary of an investment entity, when the investment entity measures all of its subsidiaries at fair value.
- Consolidation of intermediate investment entities:- the Amendments clarifies that only a subsidiary is not an investment entity itself and provides support services to the investment entity is consolidated. All other subsidiaries of an investment entity are measured at fair value.
- Policy choice for equity accounting for investments in associates and joint ventures:- the Amendments allows a non-investment entity that has an interest in an associate or joint venture that is an investment entity, when applying the equity method, to retain the fair value measurement applied by the investment entity associate or joint venture to its interest in subsidiaries, or to unwind the fair value measurement and instead perform a consolidation at the level of the investment entity associate or joint venture.

(c) MASB Approved Accounting Standards, MFRSs

In conjunction with the planned convergence of FRSs with International Financial Reporting Standards as issued by the International Accounting Standards Board on 1 January 2012, the MASB had on 19 November 2011 issued a new MASB approved accounting standards, MFRSs ("MFRSs Framework") for application in the annual periods beginning on or after 1 January 2012.

The MFRSs Framework is mandatory for adoption by all Entities Other Than Private Entities for annual periods beginning on or after 1 January 2012, with the exception of entities subject to the application of MFRS 141 Agriculture and/or IC Int 15 Agreements for the Construction of Real Estate ("Transitioning Entities"). The Transitioning Entities are given an option to defer the adoption of MFRSs Framework and shall apply the MFRSs framework for annual periods beginning on or after 1 January 2017. Transitioning Entities also include those entities that consolidate or equity account or proportionately consolidate another entity that has chosen to continue to apply the FRSs framework for annual periods beginning on or after 1 January 2012.

Accordingly, the Group and the Company which are Transitioning Entities have chosen to defer the adoption of the MFRSs framework. As such, the Group and the Company will prepare their first MFRSs financial statements using the MFRSs framework for financial year ended 31 December 2017. The main effects arising from the transition to the MFRSs Framework are discussed below.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.2 New FRSs, Amendments/Improvements to FRSs and New IC Interpretations ("IC Int") (continued)

(c) MASB Approved Accounting Standards, MFRSs (continued)

The effect is based on the Group's and the Company's best estimates at the reporting date. The financial effects may change or additional effects may be identified, prior to the completion of the Group's and the Company's first MFRSs based financial statements.

Application of MFRS 1: First-time Adoption of Malaysian Financial Reporting Standards ("MFRS 1")

MFRS 1 requires comparative information to be restated as if the requirements of MFRSs have always been applied, except when MFRS 1 allows certain elective exemptions from such full retrospective application or prohibits retrospective application of some aspects of MFRSs.

The Group and the Company are currently assessing the impact of adoption of MFRS 1, including identification of the differences in existing accounting policies as compared to the new MFRSs and the use of optional exemptions as provided for in MFRS 1. As at the date of authorisation of issue of the financial statements, accounting policy decisions or elections have not been finalised. Thus, the impact of adoption of MFRS 1 cannot be determined and estimated reliably until the process is completed.

Amendments to MFRS 141 Agriculture

MFRS 141 requires a biological asset shall be measured on initial recognition and at the end of each reporting period at its fair value less costs to sell, except where the fair value cannot be measured reliably. MFRS 141 also requires agricultural produce harvested from an entity's biological assets shall be measured at its fair value less costs to sell at the point of harvest. Gains or losses arising on initial recognition of a biological asset and the agricultural produce at fair value less costs to sell and from a change in fair value less costs to sell of a biological asset shall be included in the profit or loss for the period in which it arises.

The Group is currently assessing the impact of the adoption of this standard.

Amendments to MFRS 116 Property, Plant and Equipment and Amendments to MFRS 141 Agriculture

With the Amendments, bearer plants would come under the scope of MFRS 116 and would be accounted for in the same way as property, plant and equipment. A bearer plant is defined as a living plant that is used in the production or supply of agricultural produce, is expected to bear produce for more than one period and has a remote likelihood of being sold as agricultural produce, except for incidental scrap sales.

Nevertheless, the produce growing on the bearer plant would remain within the scope of MFRS 141. This is because the growth of the produce directly increases the expected revenue from the sale of the produce. Moreover, fair value measurement of the growing produce provides useful information to users of financial statements about future cash flows that an entity will actually realise as the produce will ultimately be detached from the bearer plants and sold separately.

The Group is currently assessing the impact of the adoption of this standard.

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.3 Significant Accounting Policies

(a) Basis of Consolidation

(i) Subsidiaries

Subsidiaries are entities, including structured entities, controlled by the Company. The financial statements of the subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Potential voting rights are considered when assessing control only when such rights are substantive. The Group also considers it has de facto power over an investee when, despite not having the majority of voting rights, it has the current ability to direct the activities of the investee that significantly affect the investee's return.

Investment in subsidiaries are measured in the Company's statement of financial position at cost less any impairment losses, unless the investment is classified as held for sales. The cost of investments includes transaction costs.

The consolidated financial statements include the financial statements of the Company and all its subsidiaries made up to the end of the financial year. The financial statements of the Company and its subsidiaries are all drawn up to the same reporting date.

(ii) Business combinations

Business combinations are accounted for using the acquisition method from the acquisition date, which the date on which control is transferred to the Group.

For each business combination, the Group elects whether it measures the non-controlling interests in the acquiree either at fair value or at the proportionate share of the acquiree's identifiable net assets at the acquisition date.

Transaction costs, other than those associated with the issue of debt or equity securities that the Group incurs in connection with a business combinations are expensed as incurred.

(iii) Acquisitions of non-controlling interests

The Group treats all changes in ownerships interest in subsidiary that do not result in a loss of control as equity transactions between the Group and its non-controlling interest holders. Any difference between the Group's share of net assets before and after the change, and any consideration received or paid, is adjusted to or against Group reserves.

(iv) Loss of control

Upon the loss of control of a subsidiary, the Group derecognises the assets and liabilities of the former subsidiary, any non-controlling interest and the other components of equity related to the former subsidiary from the consolidated statement of financial position. Any surplus or deficit arising on the loss of control is recognised in profit or loss. If the Group retains any interest in the former subsidiary, then such interest is measured at fair value at the date that control is lost. Subsequently, it is accounted for as an equity accounted investee or as an available-for-sale financial asset depending on the level of influence retained.

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.3 Significant Accounting Policies (continued)

(a) Basis of Consolidation (continued)

(v) Non-controlling interests

Non-controlling interests at the end of the reporting period, being the equity in a subsidiary not attributable directly or indirectly to the equity holders of the Company, are presented in the consolidated statement of financial position and statement of changes in equity within equity, separately from equity attributable to the owners of the Company. Non-controlling interests in the results of the Group is presented in the consolidated statement of profit or loss and other comprehensive income for the year between non-controlling interest and owners of the Company.

Losses applicable to the non-controlling interests in a subsidiary are allocated to the non-controlling interests even if doing so causes the non-controlling interests to have a deficit balance.

(vi) Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements.

Unrealised gains arising from transactions with equity-accounted associates and joint ventures are eliminated against the investment to the extent of the Group's interest in the investees. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

(b) Investments

Investments in subsidiaries, associates, joint venture and other investments are stated at cost less any accumulated impairment losses, if any.

On disposal of an investment, the difference between the net disposal proceeds and its carrying amount is charged or credited to the profit or loss.

(c) Goodwill on consolidation

(i) Acquisition before 1st January 2011

Goodwill arising on acquisition represents the excess of cost of business combination over the Group's share of the net fair values of the identifiable assets, liabilities and contingent liabilities. Following the initial recognition, goodwill is stated at cost less impairment losses, if any.

Goodwill is not amortised but is reviewed for impairment, annually or more frequently for impairment in value and is written down where it is considered necessary. Gain or losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash-generating units or groups of cash-generating units that are expected to benefit from the synergies of the business combination in which the goodwill arise.

Negative goodwill represents the excess of the fair value of the Group's share of net assets acquired over the cost of acquisition. Negative goodwill is recognised directly in the profit or loss.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

2.3 Significant Accounting Policies (continued)

(c) Goodwill on consolidation (continued)

(ii) Acquisition on or after 1st January 2011

For acquisitions on or after 1 January 2011, the Group measures goodwill at the acquisition date as:

- the fair value of the consideration transferred; plus
- the recognised amount of any non-controlling interests in the acquire; plus
- if the business combination is achieved in stages, the fair value of the existing equity interest in the acquire; less
- the net recognised amount (generally fair value) of the identifiable assets acquired and liabilities assumed.

When the excess is negative, a bargain purchase gain is recognised immediately in profit or loss.

The consideration transferred does not include amounts related to the settlement of pre-existing relationships. Such amounts are generally recognised in profit or loss.

Any contingent consideration payable is recognised at fair value at the acquisition date. If the contingent consideration is classified as equity, it is not remeasured and settlement is accounted for within equity. Otherwise, subsequent changes to the fair value of the contingent consideration are recognised in profit or loss.

When share-based payment awards (replacement awards) are required to be exchanged for awards held by the acquiree's employees (acquiree's awards) and related to past services, then all or a portion of the amount of the acquirer's replacement awards is included in measuring the consideration transferred in the business combination. This determination is based on the market-based value of the replacement awards compared with the market-based value of the acquiree's awards and the extent to which the replacement awards relate to past and or future service.

(d) Property, Plant and Equipment and Depreciation

All property, plant and equipment were initially stated at cost less accumulated depreciation and impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the asset. When significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items of property, plant and equipment.

The cost of replacing part of an item of property, plant and equipment is included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that the future economic benefits associated with the part will flow to the Group and its cost can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to the profit or loss as incurred.

Freehold lands are not depreciated. All other property, plant and equipment are depreciated on a straight line basis to write off the cost of each asset to its residual value over the estimated useful lives of the assets concerned. The principal annual rates used for this purpose are as follows:-

Leasehold land	Over 99 years
Buildings	2%
Motor vehicles	20%
Office equipment, furniture and fittings	15% to 33 1/3%
Renovation	10% to 50%
Site cabin and tools	10% to 50%
Signboard	20%

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.3 Significant Accounting Policies (continued)

(d) Property, Plant and Equipment and Depreciation (continued)

The residual values, useful life and depreciation method are reviewed, and adjusted if appropriate, at each reporting date.

Fully depreciated assets are retained in the accounts until the assets are no longer in use.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the profit or loss in the period the asset is derecognised.

(e) Revaluation of Assets

Freehold land and buildings, long term leasehold land are revalued at a regular interval of a least once in every five years with additional valuations in the intervening years where market conditions indicate that the carrying values of the revalued land and buildings materially differ from the market values.

Any accumulated depreciation as at the revaluation date is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset. Any surplus or deficit arising from the revaluations will be dealt with in the Revaluation Reserve Account. Any deficit is set-off against the Revaluation Reserve Account only to the extent of the surplus credited from the previous revaluation of the land and buildings and the excess of the deficit is charged to the statement of comprehensive incomes. Upon disposal or retirement of an asset, any revaluation reserve relating to the particular asset is transferred directly to retained profits.

(f) Investment property

Investment property are property which are held either to earn rental income or for capital appreciation or for both and are not substantially occupied by the Group. Investment property is initially measured at cost, including transaction costs. Subsequent to initial recognition, investment property is measured at fair value which reflects the market conditions at the reporting date. Fair value is arrived at by reference to market evidence of transaction prices for similar properties and is performed by registered independent valuers having an appropriate recognised professional qualification and recent experience in the location and category of the properties being valued.

Gains or losses arising from changes in the fair values of investment property are recognised in profit or loss in the year in which they arise.

An investment property is derecognised when either they have been disposed off or when the investment property are permanently withdrawn from use and no future economic benefit is expected from its disposal. Gains or losses on the retirements or disposals of investment property are recognised in profit or loss in the year in which they arise.

(g) Inventories

Inventories comprise goods held for trading and are stated at the lower of cost or net realisable value. Cost is determined on the weighted average basis, and comprises the purchase price and incidentals incurred in bringing the inventories to their present location and condition.

Net realisable value represents the estimated selling price less the estimated costs necessary to make the sale.

Where necessary, due allowance is made for all damaged, obsolete and slow-moving items. The Group writes down its obsolete or slow moving inventories based on assessment of the condition and the future demand for the inventories. These inventories are written down when events or changes in circumstances indicate that the carrying amounts may not be recovered.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.3 Significant Accounting Policies (continued)

(h) Borrowing costs

The capitalisation of borrowing costs as part of the cost of a qualifying asset commences when expenditure for the asset is being incurred, borrowing costs are being incurred and activities that are necessary to prepare the asset for its intended use or sale are in progress. Capitalisation of borrowing costs is suspended or ceases when substantially all the activities necessary to prepare the qualifying assets for its intended use or sale are in progress.

All other brrowing costs are charged to the profit or loss as an expense in the period in which they are incurred.

(i) Plantation expenditure

Plantation expenditure incurred on land clearing, upkeep of immature trees, direct administrative expenses incurred during the pre-maturity period (precropping costs) are capitalised as plantation expenditure. Upon maturity, all subsequent maintenance expenditure is charged to the profit or loss and the capitalised pre-cropping cost is amortised on a straight line basis over the expected useful life of the trees.

(j) Foreign Currency Translation

(i) Functional and presentation currency

The individual financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The financial statements are presented in Ringgit Malaysia, which is the Group's functional currency and presentation currency.

(ii) Translation and balances

Transactions in foreign currencies are translated to Ringgit Malaysia at exchange rates ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated into Ringgit Malaysia at the rate of exchange ruling on that date. Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are translated to the functional currency at the exchange rates at the date the fair value was determined. Exchange differences arising from the settlement of foreign currency transactions and from the retranslation of foreign currency monetary assets and liabilities are included in the profit or loss.

The principal closing foreign exchange rates used (expressed on the basis of one unit of foreign currency to RM equivalent) for the translation of foreign currency balances at the end of the financial year are as follows:-

	Group and Company	
	2014 RM	2013 RM
Bangladesh Taka	0.0457	0.0430
United States Dollar	3.4981	3.2913
Indonesian Rupiah	0.0003	0.0003

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.3 Significant Accounting Policies (continued)

(j) Foreign Currency Translation (continued)

(iii) Foreign entity

Statements of profit or loss and other comprehensive income of foreign entities are translated into Ringgit Malaysia at average exchange rates for the financial year and the statements of financial position are translated at exchange rates ruling at the reporting date. Exchange differences arising from the retranslation of the net investment in foreign entities are taken up in foreign currency translation reserve in shareholders' equity. On disposal of the foreign entity, such translation differences are recognised in the profit or loss as part of the gain or loss on disposal.

(k) Financial Assets

Financial assets are recognised in the statements of financial position when, and only when, the Group and the Company become a party to the contractual provisions of the financial instrument.

When financial assets recognised initially, they are measured at fair value, plus, in the case of financial assets not at fair value through profit or loss, directly attributable transaction costs.

The Group and the Company determine the classification of their financial assets at initial recognition, and the categories include financial assets at fair value through profit or loss, loans and receivables, held-to-maturity investments and available-for-sale financial assets.

(i) Financial assets at Fair Value Through Profit or Loss

Financial assets are classified as financial assets at fair value through profit or loss if they are held for trading or are designated as such upon initial recognition. Financial assets held for trading are derivatives (including separated embedded derivatives) or financial assets acquired principally for the purpose of selling in the near future.

Subsequent to initial recognition, financial assets at fair value through profit or loss are measured at fair value. Any gains or losses arising from changes in fair value are recognised in profit or loss. Net gains and losses on financial assets at fair value through profit or loss do not include exchange differences, interest and dividend income. Exchange differences, interest and dividend income on financial assets at fair value through profit as part of other losses or other income.

Financial assets at fair value through profit or loss could be presented as current or non-current. Financial assets that are held primarily for trading purposes are presented as current whereas financial assets that are not held primarily for trading purposes are presented as current or non-current based on the settlement date.

(ii) Loans and Receivables

Financial assets with fixed or determinable payments that are not quoted in an active market are classified as loans and receivables.

Subsequent to initial recognition, loans and receivables are measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the loans and receivables are derecognised or impaired, and through the amortisation process.

Loan and receivables are classified as current assets, except for those having maturity dates later than 12 months after the reporting date which are classified as non-current.

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

2.3 Significant Accounting Policies (continued)

(k) Financial Assets (continued)

(iii) Held-to-Maturity Investments

Financial assets with fixed or determinable payments and fixed maturity are classified as held-to-maturity when the Group has the positive intention and ability to hold the investment to maturity.

Subsequent to initial recognition, held-to-maturity investments are measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the held-to-maturity investments are derecognised or impaired, and through the amortisation process.

Held-to-maturity investments are classified as non-current assets, except for those having maturity within 12 months after the reporting date which are classified as current.

(iv) Available-for-Sale Financial Assets

Available-for-sale are financial assets that are designated as available-for-sale or are not classified in any of the three preceding categories.

After initial recognition, available-for-sale financial assets are measured at fair value. Any gains or losses from changes in fair value of the financial assets are recognised in other comprehensive income, except that impairment losses, foreign exchange gains and losses on monetary instruments and interest calculated using the effective interest method are recognised in profit or loss. The cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment when the financial asset is derecognised. Interest income calculated using the effective interest method is recognised in profit or loss. Dividends on available-for-sale equity instrument are recognised in profit or loss when the Group and the Company's right to receive payment is established.

Investments in equity instruments whose fair value cannot be reliably measured are measured at cost less impairment loss.

Available-for-sale financial assets are classified as non-current assets unless they are expected to be realised within 12 months after the reporting date.

A financial asset is derecognised when the contractual right to receive cash flows from the asset has expired or is transferred to another party without retaining control or substantially all risks and rewards of the asset. On derecognition of a financial asset, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income is recognised in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.3 Significant Accounting Policies (continued)

(l) Impairment of Assets

(i) Impairment of Financial Assets

All financial assets (other than those categorised at fair value through profit or loss), are assessed at the end of each reporting period whether there is any objective evidence of impairment as a result of one or more events having an impact on the estimated future cash flows of the asset. For an equity instrument, a significant or prolonged decline in the fair value below its cost is considered to be objective evidence of impairment.

An impairment loss in respect of held-to-maturity investments and loans and receivables financial assets is recognised in profit or loss and is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate.

With the exception of available-for-sale equity instruments, if, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent that the carrying amount of the investment at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised. In respect of available-for-sale equity instruments, impairment losses previously recognised in profit or loss are not reversed through profit or loss. Any increase in fair value subsequent to an impairment loss made is recognised in other comprehensive income.

(ii) Impairment of Non-Financial Assets

The carrying values of assets, other than those to which FRS 136 – Impairment of Assets does not apply, are reviewed at the end of each reporting period for impairment when there is an indication that the assets might be impaired. Impairment is measured by comparing the carrying values of the assets with their recoverable amounts. The recoverable amount of the assets is the higher of the assets fair value less cost to sell and their value-in-use which is measured by reference to discounted future cash flow.

An impairment loss is recognised in profit or loss immediately unless the asset is carried at its revalued amount. Any impairment loss of a revalued asset is treated as a revaluation decrease to the extent of a previously recognised revaluation surplus for the same asset.

In respect of assets other than goodwill, and when there is a change in the estimates used to determine the recoverable amount, a subsequent increase in the recoverable amount of an asset is treated as a reversal of the previous impairment loss and is recognised to the extent of the carrying amount of the asset that would have determined (net of amortisation and depreciation) had no impairment loss been recognised. The reversal is recognised in profit or loss immediately, unless the asset is carried at its revalued amount. A reversal of an impairment loss on a revalued asset is credited to other comprehensive income. However, to the extent that an impairment loss on the same revalued asset was previously recognised as an expense in the statements of profit or loss and other comprehensive income, a reversal of that impairment loss is recognised as income in the statements of profit or loss and other comprehensive income.

(m) Financial Liabilities

Financial liabilities are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability.

Financial liabilities, within the scope of FRS 139, are recognised in the statements of financial position when, and only when, the Group and the Company become a party to the contractual provisions of the financial instrument. Financial liabilities are classified as either financial liabilities at fair value through profit or loss or other financial liabilities.

(i) Financial Liabilities at Fair Value Through Profit or Loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities held for trading include derivatives entered into by the Group and the Company that do not meet the hedge accounting criteria. Derivative liabilities are initially measured at fair value and subsequently stated at fair value, with any resulted gains or losses recognised in profit or loss. Net gains or losses on derivatives include exchange differences.

The Group and the Company have not designated any financial liabilities as at fair value through profit or loss.

(ii) Other Financial Liabilities

The Group's and the Company's other financial liabilities include trade payables, other payables and loans and borrowings.

Trade and other payables are recognised initially at fair value plus directly attributable transaction costs and subsequently measured at amortised cost using the effective interest method.

Loans and borrowings are recognised initially at fair value, net of transaction costs incurred, and subsequently measured at amortised cost using the effective interest method. Borrowings are classified as current liabilities unless the group has an unconditional right to defer the settlement of the liability for at least 12 months after the reporting date.

For other financial liabilities, gains and losses are recognised in the profit or loss when the liabilities are derecognised, and through the amortisation process.

A financial liability is derecognised when the obligation specified in the contract is discharged or cancelled or expires. On derecognition of a financial liability, the difference between the carrying amount and the consideration paid is recognised in the profit or loss.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.3 Significant Accounting Policies (continued)

(n) Income Tax

The tax expense in the profit or loss represents the aggregate amount of current tax and deferred tax. Current tax is the expected amount of income taxes payable in respect of the taxable profit for the period and is measured using the tax rates that have been enacted at the reporting date.

Deferred tax is provided for, using the liability method, on temporary differences at the reporting date arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. In principle, deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unused tax credits to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, unused tax losses and unused tax credit can be utilised. Deferred tax is not recognised if the temporary difference arises from goodwill or negative goodwill or from the initial recognition of an asset or liability in a transaction which is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit.

Deferred tax is measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on tax rates that have been enacted or substantively enacted at the reporting date. Deferred tax is recognised in the profit or loss, except when it arises from a transaction which is recognised directly in equity, in which case the deferred tax is also charged or credited directly in equity, or when it arises from a business combination that is an acquisition, in which case the deferred tax is included in the resulting goodwill or negative goodwill.

(o) Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable for the sale of goods and rendering of services in the ordinary course of the Group's activities. Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. The full specific recognition criteria must also be met before revenue is recognised.

(i) Sale of goods

Revenue is recognised upon delivery of goods and customers' acceptance and where applicable, net of sales return and trade discounts.

(ii) Services

Revenue is recognised upon the rendering of services and when the outcome of the transaction can be estimated reliably. In the event the outcome of the transaction could not be estimated reliably, revenue is recognised to the extent of the expenses incurred that are recoverable.

(iii) Commission income

When the Group acts in the capacity of an agent in a transaction, the revenue recognised is the net amount of commission made by the Group.

(iv) Interest income

Interest income is recognised on an accrual basis using effective interest method.

(v) Rental income

Rental income is recognised on an accrual basis.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.3 Significant Accounting Policies (continued)

(o) Revenue Recognition (continued)

(vi) Dividend income

Dividend income from investment is recognised when the right to receive dividend payment is established.

(p) Employee benefits

(i) Short term employee benefits

Wages, salaries, social security contribution, bonuses and non-monetary benefits are accrued in the period in which the associated services are rendered by the employees. Short-term accumulating compensated absences such as paid annual leave are recognised when services are rendered by employees that increase their entitlement to future compensation absences. Short term non-accumulating compensated absences sick leave, maternity and paternity leave are recognised when absences occur.

(ii) Post-employment benefits

The Group contributes to the Employees' Provident Fund, the national defined contribution plan. The contributions are charged to the profit or loss in the period to which they are related. Once the contributions have been paid, the Group has no further payment obligations.

(q) Cash and Cash Equivalents

For the purpose of the statements of cash flows, cash and cash equivalents comprise cash in hand, deposits, bank balances and other short term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to insignificant risk of change in value, net of bank overdrafts which are repayable on demand.

(r) Share Capital

Ordinary shares

Ordinary shares are recorded at the nominal value and the consideration in excess of nominal value of shares issued, if any, is accounted for as share premium. Both ordinary shares and share premium are classified as equity.

Dividends on ordinary shares are recognised as liabilities when proposed or declared before the reporting date. A dividend proposed or declared after the reporting date, but before the financial statements are authorised for issue, is not recognised as a liability at the reporting date.

Cost incurred directly attributable to the issuance of the shares are accounted for as a deduction from share premium, if any, otherwise it is charged to the profit or loss. Equity transaction costs comprise only those incremental external costs directly attributable to the equity transaction which would otherwise have been avoided.

(s) Segmental information

For management purposes, the Group is organised into operating segments based on their products and services which are reviewed regularly by the chief operating decision maker, which is the Managing Director of the Group, to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.3 Significant Accounting Policies (continued)

(t) Fair value measurements

Fair value of an asset or a liability, except for share-based payment and lease transactions, is determined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The measurement assumes that the transaction to sell the asset or transfer the liability take places either in the principal market or in the absence of a principal market, in the most advantageous market.

For non-financial asset, the fair value measurement takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:-

Level 1 - Quoted market prices in active markets for identical assets or liabilities
Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

The adoption of FRS 13 has not significantly affected the measurements of the Group's assets or liabilities other than the additional disclosures.

3. SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgements are continually evaluated by the directors and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

(i) Critical judgements made in applying the Group's accounting policies

There were no significant judgements made by management in the process of applying the accounting policies of the Group and of the Company which may have significant effect on the amount recognised in the financial statements.

(ii) Key sources of estimation uncertainty

The key assumption concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are as stated below:-

(a) Depreciation of property, plant and equipment

Property, plant and equipment are depreciated on the straight line basis over their estimated useful lives. Management estimates the useful lives of the property, plant and equipment to be within 10 to 99 years. Changes in expected level of usage and technological developments could impact the economic useful lives and residual values of the property, plant and equipment, therefore the future depreciation charges could be revised.

(b) Impairment of property, plant and equipment

The Group assesses impairment of assets whenever the events and changes in circumstances indicate that the carrying amount of an asset may not be recoverable i.e. the carrying amount of the asset is more than the recoverable amount.

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

3. SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS (continued)

(ii) Key sources of estimation uncertainty (continued)

(c) Write down of inventories to net realisable value

Reviews are made periodically by management on damaged, obsolete and slow-moving inventories. These reviews require judgement and estimates. Possible changes in these estimates could result in revisions to the valuations of inventories.

(d) Impairment of receivables

The Group makes impairment of receivables based on an assessment of the recoverability of receivables. Impairment are applied to receivables where events or changes in circumstances indicate that the carrying amounts may not be recoverable. Management specifically analysed historical bad debts, customer concentrations, customer creditworthiness, current economic trends and changes in customer payment terms when making a judgement to evaluate the adequacy of the impairment of receivables. Where the expectation is different from the original estimate, such difference will impact the carrying value of receivables.

(e) Income taxes

The Group is subject to income taxes in numerous jurisdictions. Significant judgement is required in determining the capital allowances and deductibility of certain expenses during the estimation of the provision for income taxes. There are many transactions and calculations for which the ultimate tax determination is uncertain during the estimation of the ordinary course of business. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred income tax provisions in the period in which such determination is made.

(f) Impairment of goodwill

Goodwill is tested for impairment annually and at other times when such indicators exist. This requires management to estimate the expected future cash flows of the cash-generating unit to which goodwill is allocated and to apply a suitable discount rate in order to determine the present value of those cash flows. The future cash flows are most sensitive to budgeted gross margins, growth rates estimated and discount rate used. If the expectation is different from the estimation, such difference will impact the carrying value of goodwill. The Group makes an estimation of the recoverable amounts of the cash generating units, determined using the value-in-use approach, and this is derived from the present value of the future cash flows from the operating segments computed based on the projections of financial budgets approved by the directors covering a period of 5 years.

The title of leasehold land of a subsidiary with net book value amounting to RM7,827,000/- (2013: RM7,926,000/-) has yet to be transferred to the subsidiary.

The land and buildings of the Group were revalued during the financial year 2013 by an independent professional valuer, Messrs Irhamy & Co. The valuations are based on the comparison methods by reference to recent market transactions.

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

4. PROPERTY, PLANT AND EQUIPMENT (continued)

Had the revalued land and buildings been carried under the cost model, the net carrying amounts of land and buildings would have been included in the financial statements of the Group as at the end of financial year as follows:-

	Group 2014 RM'000	Group 2013 RM'000
Freehold land	1,116	1,116
Leasehold land	5,173	5,233
Buildings	1,716	1,757

	71,755	71,755	72,627	72,627

Policy on transfer between levels
The fair value of an asset to be transferred between levels is determined as of the date of the event or change in circumstances that caused the transfer.

Level 1 fair value
Level 1 fair value is derived from quoted price (unadjusted) in active markets for identical property, plant and equipment that the entity can access at the measurement date.

Level 2 fair value
Level 2 fair value is estimated using inputs other than quoted prices included within Level 1 that are observable for the property, plant and equipment either directly or indirectly.

Level 2 fair values of land and buildings have been generally derived using the sales comparison approach. Sales price of comparable properties in close proximity are adjusted for differences in key attributes such as property size. The most significant input into this valuation approach is price per square foot of comparable properties.

Level 3 fair value
Level 3 fair value is estimated using unobservable inputs for the property, plant and equipment.

Transfer between level 1 and 2 fair value
There were no transfer between level 1 and 2 during the financial year.

(b) During the current financial year, the Directors reassessed the recoverable amounts of goodwill for both trading and plantation CGU and the recoverable amount is lower than the carrying amount. Hence, an impairment loss of RM23,991,000/- has been made in the current financial year.

(c) In 2013, the Group has assessed the recoverable amounts of goodwill allocated and determined that no additional impairment is required. The recoverable amounts of the cash-generating units are determined using the value-in-use approach, and this is derived from the present value of the future cash flows from the operating segments computed based on the projections of financial budgets approved by management covering a period of 5 years. The key assumptions used in the determination of the recoverable amounts are as follows:-

	Trading CGU	Plantation CGU
(i) Budgeted gross margin	The basis used to determine the value assigned to the budgeted gross margin is the average gross margin achieved in the year immediately before the budgeted period increase for expected efficiency improvements and cost saving measures. The budgeted gross margin for the 5 years projected cash flow is 1.9%.	The basis used to determine the value assigned to the budgeted gross margin is the industry average and statistical analysis of gaharu trees' market price trends for the past years. The average budgeted gross margin over the 5 years projected cash flows is 20%

34. FINANCIAL INSTRUMENTS

(a) Classification of Financial Instruments

Financial assets and financial liabilities are measured on an ongoing basis either at fair value or at amortised cost. The significant accounting policies in Note 2.3 describe how the classes of financial instruments are measured, and how income and expense, including fair value gains and losses, are recognised. The following table analyses the financial assets and liabilities in the statements of financial position by the class of financial instruments to which they are assigned, and therefore by the measurement basis:

(b) Financial Risk Management and Objectives

The Group seeks to manage effectively the various risks namely interest rate, foreign currency, liquidity and credit risks, in which the Group is exposed to in its daily operations.

(i) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of the Group's financial instruments will fluctuate because of changes in market interest rates.

The Group's exposure to interest rate risk arises primarily from interest-bearing financial assets and liabilities. The Group's policy is to obtain the most favorable interest rate available. Any surplus funds of the Group will be placed with licensed financial institutions to generate interest income.

The following table details the interest rate profile of the Group and of the Company's borrowings at the reporting date.

<u>Sensitivity analysis for interest rate risk</u>

Fair value sensitivity analysis for fixed rate instrument

The Group does not account for any fixed rate financial assets and liabilities at fair value through profit or loss, and the Group does not designate derivatives as hedging instruments under a fair value hedge accounting model. Therefore, a change in interest rates at the end of the reporting period would not affect profit or loss.

Cash flow sensitivity analysis for variable rate instruments

At the reporting date, if interest rate had been 10 basis point lower/higher, with all other variables held constant, the Group's loss/profit net of tax would have been RM1,436,000/- (2013: RM1,262,600/) higher/lower, arising mainly as a result of lower/higher interest expenses on floating rate loans and borrowings. The assumed movement in basis points for interest rate sensitivity analysis on the currently observable market environment.

(ii) Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The Group operates internationally and is exposed to various currencies, mainly United States Dollar, Bangladesh Taka, and Indonesia Rupiah.

Foreign currency denominated assets and liabilities together with expected cash flows from highly probable purchases and sales give rise to foreign exchange exposures.

Exposure to foreign currency

The following table details the Group's exposure at the reporting date to currency risk arising from recognised financial assets and liabilities denominated in a currency other than the functional currency of the Group and of the Company. For presentation purposes, the amounts of the exposure are shown in Ringgit Malaysia, translated using the spot rate at year end date:

Sensitivity analysis

The following table indicates the approximate change in the Group's loss after tax and accumulated losses in response to reasonable possible changes in the foreign exchange rates to which the Group has significant exposure at the reporting date, assuming all other variable risk variables remained constant. Other components of the equity would not be affected by changes in the foreign exchange rate:-

	(Increase) / Decrease			
	Strenghten (1%)		Weaken (1%)	
	2014 RM'000	2013 RM'000	2014 RM'000	2013 RM'000
Group's net loss and equity				
United States Dollar (USD)	(11)	4	11	(4)

The sensitivity analysis assumes that the change in foreign exchange rates had been applied to re-measure those financial instruments held by the Group which expose the Group's to foreign currency risk at the reporting date.

(iii) Liquidity Risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group's exposure to liquidity risk arises principally from its various payables, loans and borrowings.

The Group maintains a level of cash and cash equivalents and bank facilities deemed adequate by the management to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they fall due.

(iv) Credit Risk

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. The Group and the Company's exposure to credit risk arise primarily from trade and other receivables and corporate guarantee provided by the Company to banks and supplier on subsidiary for credit facilities. Trade and other receivables presented in the statements of financial position are net of allowances for impairment losses, estimated by management based on prior experience and the current economic environment.

The Group and the Company's objective is to seek continual revenue growth while minimising losses incurred due to increased credit risk exposure. The Group and the Company trades only with recognised and creditworthy third parties. It is the Group and the Company's policy that all customers who wish to trade on credit terms are subject to credit verification procedures.

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

34. FINANCIAL INSTRUMENTS (continued)

(b) Financial Risk Management and Objectives (continued)

(iv) Credit Risk (continued)

The exposure to credit risk is monitored by the management on an ongoing basis and the management do not expect any counterparty to fail to meet its obligations.

The carrying amounts of the financial assets recorded on the statements of financial position at the end of the reporting period represent the Group and the Company's maximum exposure to credit risk in relation to financial assets. No financial assets carry a significant exposure to credit risk other than those disclosed in the notes to the financial statements.

The Group and the Company have no significant concentration of credit risk, that may arise from exposure to a single debtor or to group of debtors.

Financial guarantee

The Company provides unsecured financial guarantees to banks in respect of banking facilities granted to subsidiaries and creditors for credit terms granted to subsidiaries.

The Company monitors on an ongoing basis the repayments made by the subsidiaries and their financial performance.

The maximum exposure to credit risk amounts to RM2,079,000/- (2013: RM1,329,000/-) representing the outstanding credit facilities of the subsidiaries guaranteed by the Company less fixed deposits pledged with licensed banks at the reporting date. At the reporting date, there was no indication that the subsidiaries would default on its repayment.

The financial guarantee has not been recognised as the fair value on initial recognition was immaterial since the financial guarantee provided by the Company did not contribute towards credit enhancement of the subsidiary borrowing in view of the security pledged by the subsidiary and it is unlikely the subsidiary will default within the guarantee period.

(c) Fair Values

The fair values of financial assets and financial liabilities of the Group and of the Company are reasonable approximation of their carrying amounts on the statements of financial position.

There were no unrecognised financial instruments as at the end of financial year.

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

35. CAPITAL MANAGEMENT

The primary objective of the Group's capital management is to ensure that it maintains a strong capital base and safeguard the Group's ability to continue as a going concern, so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Group manages its capital structure by monitoring the capital and net debt on an ongoing basis. To maintain the capital structure, the group may adjust the dividend payment to shareholders.

There were no changes in the Group's approach to capital risk management during the financial year.

SUPPLEMENTARY INFORMATION - DISCLOSURE OF REALISED AND UNREALISED PROFITS OR LOSSES

On 25th March 2010, Bursa Malaysia Securities Berhad (Bursa Malaysia) issued a directive to all listed issuers pursuant to Paragraphs 2.06 and 2.23 of the Bursa Malaysia Main Market Listing Requirements. The directive requires all listed issuers to disclose the breakdown of the retained profits or accumulated losses as at the end of the reporting period, into realised and unrealised profits or losses.

On 20th December 2010, Bursa Malaysia further issued guidance on the disclosure and the format required.

The breakdown of the accumulated losses of the Group and of the Company as at 31st December 2014, into realised and unrealised losses, pursuant to the directive, is as follows:

	Group		Company	
	2014 RM'000	2013 RM'000	2014 RM'000	2013 RM'000
Total accumulated losses:				
- Realised	(177,396)	(164,451)	(167,570)	(166,855)
- Unrealised	90,447	89,887	-	-
	(86,949)	(74,564)	(167,570)	(166,855)
Less: Consolidation adjustments	(36,884)	(20,250)	-	-
Total accumulated losses as per statements of financial position	(123,833)	(94,814)	(167,570)	(166,855)

The determination of realised and unrealised losses is complied based on Guidance of Special Matter No.1, *Determination of Realised and Unrealised Profits and Losses in the Context of Disclosure Pursuant to Bursa Malaysia Securities Berhad Listing Requirements*, issued by the Malaysian Institute of Accountants on 20th December 2010.

The disclosure of realised and unrealised losses above is solely for complying with the disclosure requirements stipulated in the directive of Bursa Malaysia and should not be applied for any other purposes.

The Community and Environment

Compugates realizes that it can contribute to the preservation of the environment by encouraging their consumers to opt for more environmentally sound habits through the products it distributes. Compugates has been appointed and since then actively involved with the distribution and installation of Green Solar Power Systems in the rural areas of Sabah to provide environmental-friendly lighting and electricity solutions for numerous villages, jetties and even street lightings, religious and community centers.

Since year 2010, Compugates has also ventured into cultivation of Gaharu in the state of Perak. With the advancement of bio-technology today, we have successfully planted seedlings from proven and high quality resinous Aquilaria trees that can be induced to produce gaharu within 6 to 10 years. Aquilaria is an endangered species listed under Appendix II (potentially threatened species) by the Convention on International Trade in Endangered Species of Wild Fauna and Flora. Compugates hopes to be a part of the cause to protect the endangered species by cultivating it for sale and reduce harvesting of wild Gaharu by unscrupulous poachers.

With these efforts, Compugates hopes to make a difference and have a positive impact on the environment and at the same time educate the community on the advantages of contributing to green environment.

Apart from the above, Compugates had also designed relevant programs aimed at grooming new talents to speed up the mastery of management techniques and real-world skills in a specific area of expertise and across functions, this fast-track program will swiftly propel high-performing young talents to key positions and impactful roles in future.

Moving forward, Compugates will continue its CR efforts by looking into other ways to preserve the environment and create an ideal working environment for the employees.

NOTICE OF ANNUAL GENERAL MEETING (cont'd)

Explanatory Notes

1. **Item 1 of the Agenda**
   To receive the Audited Financial Statements for the financial year ended 31 December 2014 together with the Reports of the Directors and Auditors thereon

   This item is meant for discussion only as the provision of Section 169(1) of the Companies Act, 1965 does not require shareholders' approval for the Audited Financial Statements. Henceforth, this item is not put forward for voting.

2. **Proposed Retention of Independent Directors**

   The proposed Ordinary Resolutions 5 and 6, if passed will allow Tan Sri Asmat bin Kamaludin amd Encik Mohamed Fauzi bin Omar to be retained and continue to act as Independent Directors to fulfil the requirement of Paragraph 3.04 of Bursa Securities Main Market Listing Requirements and in line with the Recommendation 3.3 of the Malaysian Code of Corporate Governance 2012. Both Tan Sri Asmat bin Kamaludin and Encik Mohamed Fauzi bin Omar were appointed as Independent Directors since 8 November 2005 and have been serving in the Board for more than nine (9) years. They have met the independence criteria and definition of an Independent Directors as set out in Paragraph 1.01 of Bursa Securities Main Market Listing Requirements. Therefore, the Board considers them to be independent and believes that they should be retained as Independent Non-Executive Directors.

3. **Authority to Issue and Allot Shares Pursuant to Section 132D of the Companies Act, 1965**

   The proposed Ordinary Resolution 7, if passed, will empower the Directors of the Company to issue and allot shares in the Company from time to time and for such purposes as the Directors consider would be in the best interest of the Company ("Renewed Mandate"). This Renewed Mandate will, unless revoked or varied by the Company in general meeting, expire at the conclusion of the next Annual General Meeting of the Company.

   As at the date of this Notice, no shares had been issued and allotted since the general mandate granted to the Directors at the last Annual General Meeting held on 30 June 2014 and this general mandate will lapse at the conclusion of the 10th Annual General Meeting of the Company.

   The Renewed Mandate will provide flexibility to the Company to raise funds, including but not limited to placing of shares, for purpose of funding future investment projects and/or working capital and/or acquisitions.
